

MASTER OF EUROPEAN INTEGRATION

Information for foreign students

Foreign students interested in enrolling the Master of European integration programme at the University of Belgrade – Faculty of Law, should have their foreign higher education documents recognized first.

The procedure of recognition of foreign higher education documents takes place at the University of Belgrade (not at the Faculty of Law) and is explained in detail at:

<http://www.bg.ac.rs/eng/education/recognition.php>

Once your foreign degree is recognized you should proceed with the enrollment at the Faculty of Law.

Exceptionally, in case of the last-minute enrollment, we could accept a certificate issued by the University of Belgrade, proving that you initiated the recognition procedure. In any event, you will be required to provide us with the copy of the final decision on the recognition.
